Access and Appointment Availability

- Healthfirst members must be able to locate a Healthfirst participating provider or his/her designated covering provider.
- It is not acceptable to have an outgoing answering machine message that directs members to the emergency room in lieu of appropriate contact with the provider or covering provider. If an answering machine message refers a member to a second phone number, a live voice must answer that phone line.

Prior Authorization Guidelines

For services not listed above, you will need to submit a prior authorization request to Healthfirst. The most efficient way to submit and view the status of an authorization is through our Online Authorization Tool, located in Healthfirst's Provider Portal (login required).

Don't have access to the provider portal? Check out our guide to setting up an account or reach out to your network account manager. Alternatively, you can also fax your authorization requests to **1-646-313-4603**.

Prior authorization is not a guarantee of payment. Payment by Healthfirst for services provided is contingent upon the patient's active membership in Healthfirst at the time the service or treatment was rendered and whether the particular service or procedure is a covered benefit under the patient's plan contract. Policies are subject to change.
