

New York Medicaid Guidance for At-Home COVID-19 Testing Coverage Pharmacy Billing Guidance

Implementation of adjudication coding for at-home testing coverage for most New York Medicaid Managed Care Plan Sponsors should be completed by January 17, 2022.

Providers receiving a reject message (e.g., reject code: 70 - NDC not covered, etc.) on COVID-19 at-home testing claims filled prior to January 17, 2022, should re-submit rejected claims after January 17, 2022.

If the Provider receives <<Reject 40 - Pharmacy Not Contracted With Plan/Processor On Date Of Service>>, submit a value of '12 - DME Replacement Indicator' in the Submission Clarification Code (NCPDP field # 42Ø-DK) to override the reject.

A fiscal order (a request written by a NY Medicaid Enrolled Provider to provide non-prescription drugs or medical/surgical supplies electronically prescribed or written on an Official NYS Prescription form) is required.

One test kit per fiscal order (each kit may contain two tests for serial testing), with no refills, can be ordered with a limit of one test kit per week.

Currently covered tests include:

Test Name	NDC
BinaxNOW COVID-19 Antigen Self-Test	11877-0011-40
QuickVue At-Home COVID-19 Test	14613-0339-72
InteliSwab COVID-19 Rapid Test	08337-0001-58
CareStart COVID-19 Antigen Home Test	50010-0224-31
