

Makena/17 Alpha-Hydroxyprogesterone Caproate (17P) – Ordering and Administration

Makena/17P Ordering

Makena/17P is a covered benefit for Healthfirst members. However, an authorization for the medication is required. **Medication for your patient can be ordered in either of the following ways:**

Medication is dispensed at the pharmacy	Medication is stocked at the office and administration is billed directly to Healthfirst
<p>Step 1: Provider sends prior authorization request to Caremark's Prior Authorization department Phone: 1-866-814-5506 Fax: 1-866-249-6155 Web: www.covermy meds.com/epa/caremark</p>	<p>Provider requests authorization from Healthfirst for medication Phone: 1-888-394-4327 Monday to Friday, 8:30am–5:30pm</p>
<p>Step 2: Provider sends prescription to a Makena/17P dispensing pharmacy, indicating whether the medication should be shipped to the member's home or the provider's office.</p>	

Makena/17P Administration and Care

Home administration is a covered benefit for Healthfirst members. Provider must contact home care agency to set up weekly injections.

Visit www.HFDocFinder.org or call Provider Services at **1-888-801-1660**, Monday to Friday, 9am–5pm, to determine if the home care agency participates in the Healthfirst network.

Care Management

Call **1-800-404-8778**, Monday to Friday, 8am–6pm, to enroll the member in Healthfirst Case Management.

Our nurses will follow up with member to make sure medication is being received and will assist in coordinating care.
